

COLLEGE POLICY DOCUMENT

Learner Support

The following policy document will highlight the learner support that is in place within the college.

Each tutor will be issued with a list of mentees at the beginning of term. The mentor will then contact via email with the agent and parents of the students and advise them of who they are and contact details (appendix 1 attached). This contact is to happen in the first week of any new term.

Each student will have a personal mentor who will meet with them once a week on a one to one basis for 15 minutes to discuss any issues or concerns they may have with their academic or pastoral environments. A mentor may require group meetings with his or her mentees at the start of any new term to disseminate relevant information.

At each mentor meeting the mentor will make relevant notes electronically with reference to the issues and concerns of the students and the college (appendix 2). All actions will be noted and dated. At the end of each four week period during the term the notes will be sent via email to the agent and or parents of each student. This will enable the college to build a rapport with agents and or parents and give regular updates as to progression and performance. It will allow the college and mentor to address any issues early and to find a solution. All feedback will be handled by the mentor and escalated to the Principal where appropriate. Each mentor will also meet with the Principal to discuss his / her tutees to give an understanding of any issues or concerns especially any Special Education Needs (SEN) so that these can be passed onto the SEN coordinator for the college. It will also be the responsibility of the mentor to recognise students that may be entitled to go onto the able, Talented and gifted register (A&TG). If a student comes to the attention of the mentor he / she must advise the Principal so that correct procedure can be followed.

The mentor will be responsible for the discipline of the student and his/her welfare during their time with the college.

Any issues and or concerns raised at the meeting will be entered onto SIMS so that the senior management team is aware of any issues pertaining to an individual student.

The forms will be sent to the Principal on a monthly basis at the same time as they are sent to the agent and or parents so that each student can be monitored. It will also serve as a quality mechanism to ensure all mentors are working to the correct time lines.

The meetings will ascertain if the student is attending his/her course and completing the work. If not then the student will have an individual education plan if applicable (IEP – Appendix 3) to develop and assist with his/her studies.

One of the key roles of the meetings will be to review/complete the Individual IEP if applicable. This will assist both the student and mentor in having an understanding of the

The little boxes explained:

Punctuality

- Excellent 1.
- Occasionally late for class 2.
- 3. Unsatisfactory

Attitude in class

- 1. Positive and concentrates hard
- Generally good but concentration sometimes wanders
- Concentration poor easily distracted

Attitude in college

- 1. Positive and enthusiastic
- Generally positive and productive 2.
- Improvement necessary (i.e. noise, courtesy, etc.)

Attitude in Recommendation

- 1. Positive and courteous
- Generally positive and courteous
- Improvement necessary (i.e. noise, courtesy, room, etc.)

Homework completion

- 1. Work always completed on time
- Work usually completed on time
- Work is often late or incomplete 3.
- Very serious problems with work completion

Class work completion

- Work always completed on time
- Work usually completed on time
- Work is often late or incomplete
- 4. Very serious problems with work completion

Test preparation

- 1. Well prepared
- 2. Generally prepared
- 3. Improvement necessary

Exam preparation

- Well prepared
 Generally prepared
- 3. Improvement necessary

Reviewed:
